*Park Commissioner*

March 16, 2020

To all Argo residents,

Effective Monday, March 16<sup>th</sup>, 2020.

After learning of confirmed cases of coronavirus in the state, the City of Argo will be closing the senior citizen center. And will be postponing the Easter Egg hunt Scheduled for March 28th. The City Park will also be closed until further notice.

“We are taking these precautionary measures for safety and the health of our seniors and citizens “The center will be closed until further notice.”

Our senior population is the most vulnerable to this disease and that’s why we are closing the centers to lower their risk for contracting the virus.

We are urging all our residents to continue to wash their hands and sanitize. While we’re hoping for the best, we must do what we can to keep everyone safe.”

Our responsibility is to ensure the health and safety of our citizens and our employees. I ask for patience and prayers. If everyone will work together, we can do our part to try and stop the spread of COVID-19.

Thank you,  
Betty Bradley
